

Invitation to the Effective Preventative Knife Crime Education Project Launch Events

Learn Sheffield, The South Yorkshire Violence Reduction Unit and the South Yorkshire Mayoral Combined Authority are inviting you to attend one of our launch events for the Effective Preventative Knife Crime Education Project (EPKCE).

These events will launch the resources created as part of the EPKCE project, with input from Sue Finnigan (Project Lead) and Trudi Eldridge (Designated Safeguarding Lead, Sheffield Inclusion Centre). We will be sharing findings of the project and resources, showing how these can be used to educate our young people around Knife Crime.

Please use the Eventbrite link below to book your place on one of the four sessions. They will be on the 2nd, 3rd, 5th and 6th of June at varying times to suit as many people as possible.

These times can be found on the booking link. Further information will be shared closer to the event, including an agenda and joining instructions.
